

Stop Losing Money to **No-Shows** & Empty Chairs

DentHive is the ultimate AI-powered clinic automation system that fills your schedule, automates your patient follow-ups, and recovers lost revenue—all on autopilot.

⚡ The Old Way

- ✗ Staff wasting hours manually calling patients to confirm appointments.
- ✗ Patients forgetting their appointments resulting in empty chairs.
- ✗ Awkward payment collection conversations at the front desk.

⚡ The DentHive Way

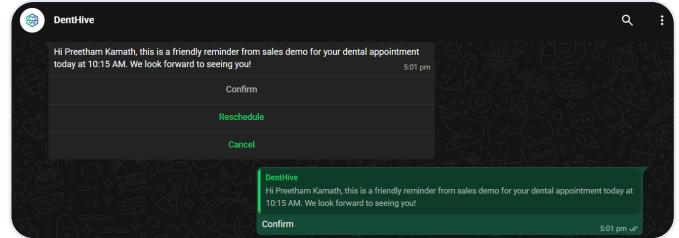

- ✓ 100% Automated WhatsApp confirmations & reminders.
- ✓ Intelligent "Stalled Journey" tracking to revive old leads.
- ✓ One-click WhatsApp UPI payment links with 0% gateway fees.

Everything you need to scale your clinic.

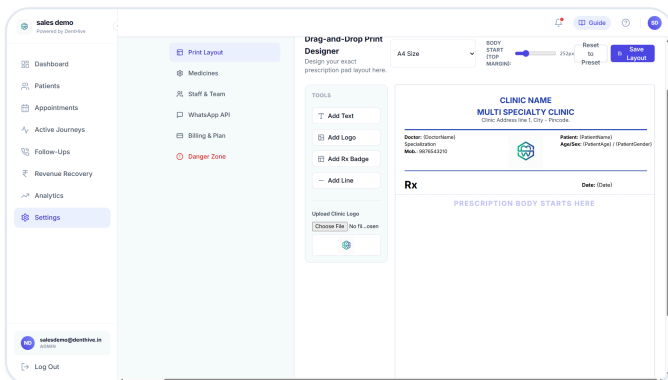

WhatsApp Automation

Instantly send appointment confirmations, 24hr reminders, and custom treatment updates directly to the patient's phone. No app required for them.

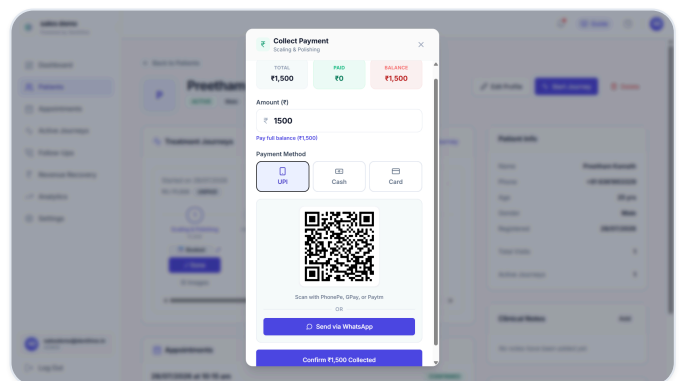

Digital Prescriptions

Throw away the prescription pad. Generate beautiful, branded PDF prescriptions with one click and fire them straight to WhatsApp or print them on the spot.

Revenue Recovery (Zero Fees)

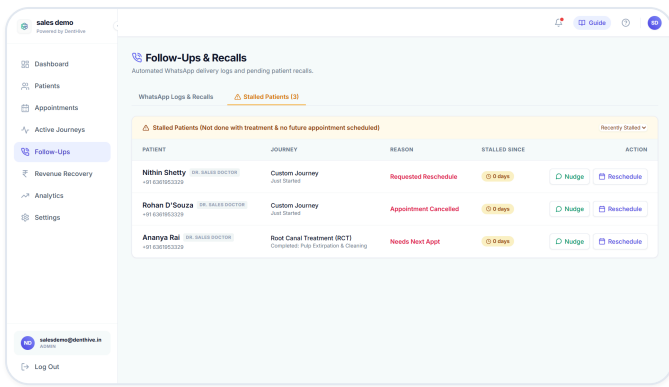

Send direct UPI payment links via WhatsApp. The patient taps, pays via GPay/PhonePe, and the money goes directly to your bank with absolutely zero transaction fees.

Stalled Patient Revival

DentHive's AI automatically flags patients who stopped showing up mid-treatment and helps your staff revive those high-value journeys effortlessly.

Ready to modernize your clinic?

Stop letting revenue slip through the cracks. Join the clinics already using DentHive to automate their front desk and fill their chairs.
